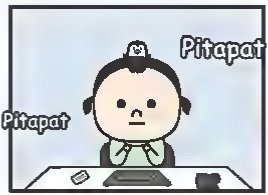
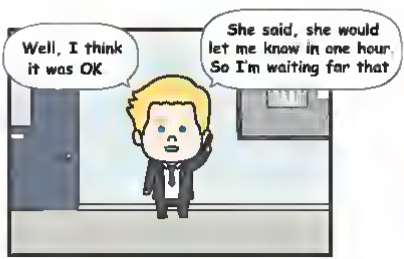
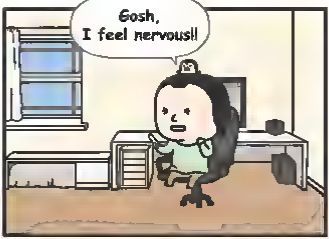
## The Result of Promotion



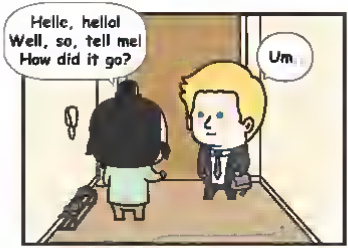
That day, Mev had an interview for his job promotion

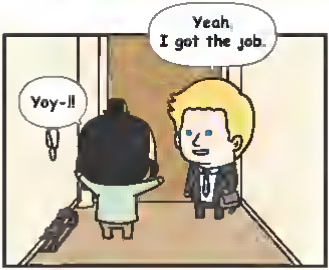




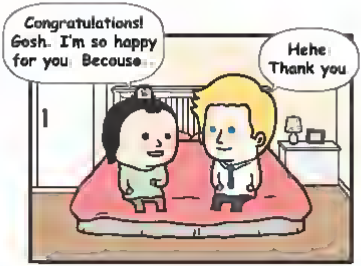
I was having a very nervous day.

Soon, Mev came back home.

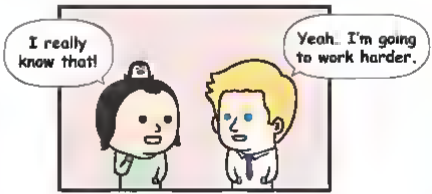




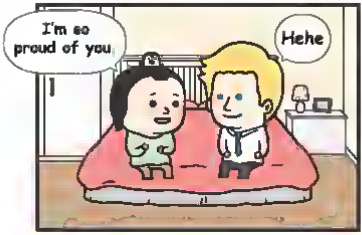
...With happy news.



...you've been working so hard, and you're going to do very well in this new position.



I was so nervous.
It wasn't all about that he would get the job position or not.



I was nervous because I was afraid to see Mev get disappointed or sad because he missed the chance.

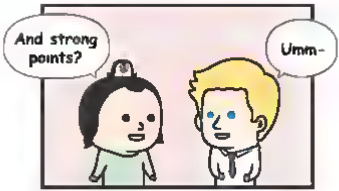
After I knew the result,
I wandered about everything!

So what did you say?

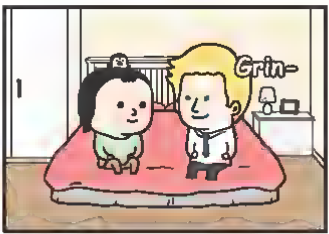
Firstly,

That I haven't had much experience yet as a teacher in England

But I mentioned that I got more qualifications in the last few years.



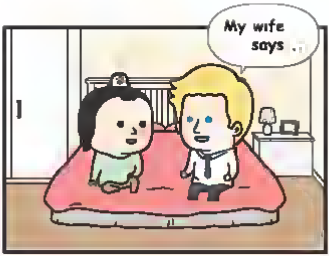
And strong points?
Umm-



Grin-

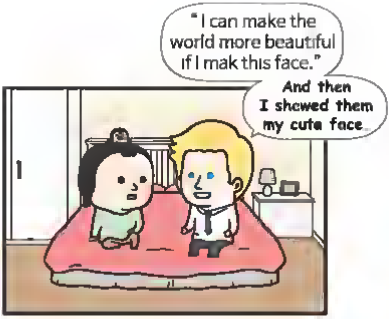
I said I have a special power

I said like this.



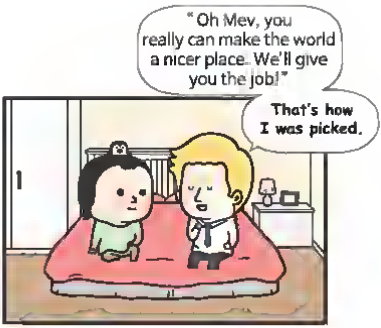
Heee-

Mev See? You've just made the world more
beautiful with your lovely face Aww- Cutie man!

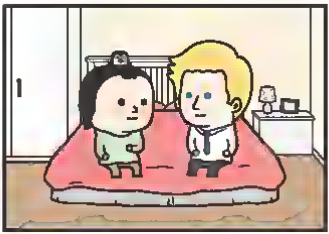


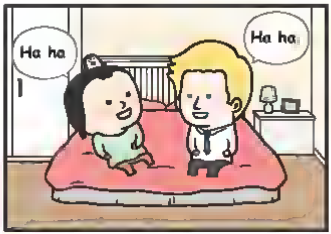
"I can make the world more beautiful if I mak this face."
And then I showed them my cute face.

Like this.
Then my boss said. . .

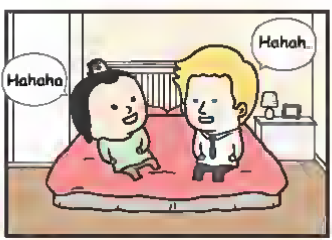


"Oh Mev, you really can make the world a nicer place. We'll give you the job!"
That's how I was picked.

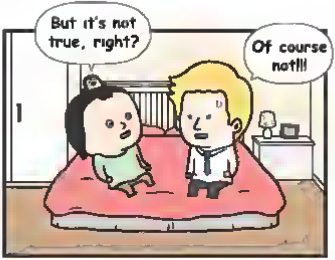




Ha ha
Ha ha



Hahah
Hahaha



Well done, Mevil
